

Bioboost final event

17 May 2026

Vessela Stoyanova-Monteleone,
REA.B3 - Biodiversity, Circular Economy and Environment

EU R&I Results Valorisation Ecosystem

TO MAXIMISE

...AND BENEFIT SOCIETY AS A WHOLE!

Bioboost: Looking Ahead

- Continuing to promote and exploit Bioboost results after the project ends
- Sharing knowledge through EU events, policy sessions, and cluster meetings
- Strengthening cooperation with other circular economy projects
- Keeping the Bioboost website active as a long-term resource hub
- Ensuring transparency and visibility of EU funding
- Supporting future innovation and investment in the circular economy

EU Ecosystem to Advance R&I Results

- Take advantage of go-to-market support services

Booster

Free services for beneficiaries to support their D&E strategy, incl. business plan & go to market support, public speaking & more.

European IP Helpdesk

Online public platform and service to help beneficiaries manage their intellectual property rights.

- Search for innovative technologies and solutions

Horizon Dashboard

Data & statistics visualization tool, which allows to explore the participation to the Framework Programmes by topic, country, region, organization etc.

CORDIS

Online public platform with description of R&I FP-funded research projects and their results (incl. videos, podcasts, news, data)

- Scout solutions
- Promote innovations and increase access for uptake

Horizon Results Platform

Online public platform promoting & matching research results with relevant audiences – investors, policy-makers, researchers.
